WMF INTERNATIONAL EXCHANGE SEMINARS

It is a new initiative of the World Massage Federation. Our goal is to help in expanding international experience of education between the best schools around the world.

The participation in WMF International Exchange Seminars will give you the opportunity to share experience and knowledge on the international level, to promote your activities and to establish collaboration with schools.

How to take part in our project?

INTERNATIONAL SEMINARS are regularly organized throughout the year in different countries.

In the WMF we believe in expanding our knowledge on the global stage.

All participants have an opportunity not only to share experience gained so far, but also to learn something new and to sharpen their skills. It is also a great way to experience new techniques.

Participation in seminars always brings a lot of benefits, for example a knowledge dissemination and networking opportunities. A seminar can be a one-day, compact experience presented by experts, or it may be spread throughout several days with various topics, workshops and round-table discussions. Attendees at a seminar share a common interest in the subject matter. This presents an opportunity to meet face to face with other professionals in the same business.

We should also remember that those kinds of events it is possibility to unlock a diversity of fields of our interests through a variety of activities.
